UMM Archives, "University Relations: Photos (A17-B-3) contents" (2015). *External Relations*. Paper 2.
http://digitalcommons.morris.umn.edu/ext_relations/2

This Article is brought to you for free and open access by the UMM Archives at University of Minnesota Morris Digital Well. It has been accepted for inclusion in External Relations by an authorized administrator of University of Minnesota Morris Digital Well. For more information, please contact skulann@morris.umn.edu.

External Relations (A17)

The Office of External Relations functions as the primary source of public information for the institution. It works with a number of different constituencies--alumni, donors, parents, public and business leaders, and other friends of the college--in "increasing awareness and goodwill, fostering financial support and building community."

This record group is divided into two sub-groups: Alumni Relations (A17-A) and University Relations (A17-B). Both sub-groups contain materials that served to build awareness of the community, provide information to interested groups and promote UMM among the larger public. Photos, news releases, print materials and other sorts of promotional materials are prominently represented. See the sub-group descriptions for a fuller and more detailed listing.

The Vice Chancellor for External Relations leads this office. The administrative unit was created in 1999-2000, and before this date, the offices of Alumni Relations, University Relations and Fund Development, although performing comparable functions, were generally independent. (See the individual administrative histories of Alumni and University Relations.) Madeline Maxeiner served in this role from 1999 to 2014, and the directors of both Alumni and University Relations report to that office.

University Relations (A17-B)

University Relations represents a large and important collection of materials, most of which reflect the institution's efforts to promote itself, to deliver information to important constituencies and to and commemorate and celebrate historically important personages and events. This record sub-group is made up of a number of record series: General Files, News Clippings, Photos, Audio/Visual Files, Correspondence/Artifacts/Awards/Promotional, Serials and Programs, Campus Events, and Athletics. Because of special handling requirements imposed by the nature of these diverse materials, many have been removed from boxes and are being stored separately. Photos are being placed in special binders, and an effort is being made to provide accurate identification. In addition, most will be scanned and saved electronically. News Clippings also have been removed from boxes and are being stored on shelves in serial form. Please see the note fields for the various record series.

Originally, the campus's "Information Office" performed public information functions. In 1965 this office underwent a name change and became the "Office of University Relations." The head of University Relations in this year was Richard J. Welsh, and he enjoyed the title of "Informational Representative," but in 1967 he became "Director of University relations." Welsh was replaced in 1972 by Ronn Hamm who served as director until April, 1979. Hamm at the same time also served as "Coordinator of Alumni Office." He was succeeded as Director of University Relations by Margo Warner, who continued in that role until the 1985-86 school year. With the departure of Ron Hamm, The Alumni Office was separated from University relations, and Gary Donovan, who also served as Director of the "Career Placement and Planning Office," took over as coordinator of the Alumni Office." Peggy Ness Palmer replaced Warner, and in 1988 Ronald Pollworth became director. Pollworth gave way to Judy Riley in 1993, and she headed the office under various titles (Principal Secretary, Executive Assistant

and Campus Communications Coordinator) until 2005 when Christine Mahoney became Director of Communications.

Photographs (A17-B-3)

The photographs are divided into 14 boxes. All of the boxes have pictures that relate to the University, most of them are in black and white. A lot of pictures pertain to things such as groundbreaking, opening of the Turtle Mountain Café, Athletics, University Committees, Steven's County Fair, Student Honors and Awards, Events that happen at UMM, Staff, etc. Lyle Ross has his own collection of pictures and slides. There are also a lot of rare photos in the boxes.

UMM Photo Volumes 1-81

UMM Photo Volume Abstracts

Volume 1

The daily goings on of UMM during the late 1960s and early 1970s are captured in this anthology with collections of homecoming dances, the HFA, the UMM Model UN, student life and more. Also included are rare photos of the archives office during Bert Ahern's managerial years and of phase 2 of the Rodney A. Briggs Library. A well organized album with an index in the back. (157 photos)

Volume 2

Mainly black and white photos from the mid-to-late 1960s of students, faculty and parents at various UMM commencement ceremonies, UMM athletic photos ranging from the mid 1960s to early 1980s. Most of the photos are unidentified. However, the volume possesses an index at the front. (153 photos)

Volume 3

Symphonic band trip to France, KUMM radio, Commencement 1979 and many other sub-collections from the late 1970s and 1980s make up this chaotic volume. The album possesses identification sheets (though a few are missing) but no index. (132 photos)

Volume 4

Volume 4 is all about the 1970s. Student life, campus, faculty, residential life, black history week and many other perspectives of UMM are included in this well organized and identified album. The numbered pages give way to a neat, typewritten index at the back of the album. (97 photos)

Volume 5

A great collection of photos from the early days of UMM including those of visits to the campus by Karl Rolvaag, Malcom Moos, Meredith Wilson and other state and university officials. Also included are the only color photos of Rodney Briggs and the first cap and gown day in 1964. The collection is slim and slightly disorganized with missing photos and identification sheets. (72 photos)

Volume 6

A fairly well-organized hodgepodge of photos from the 1970s and 1980s of the HFA, HFA productions and guest performers, the science building, chemistry department and a host of old artistic shots. (112 photos)

Volume 7

Complete photo coverage of several UMM events including the 40th anniversary celebration, the construction and setting up of the new science building and commencement 2003. The pages in this photo album have gotten mixed around such that the identification sheets are all wrong. Take caution when viewing the photos. (175 photos)

Volume 8

Exclusively black and white UMM athletic player portraits and team photos of the baseball, basketball, football and wrestling teams in the mid 1980s. Less than half of the photos have been identified but the album is organized. (120 photos)

Volume 9

UMM 1997 athletic teams including basketball, football, golf, tennis, and track, 1985 basketball and football teams and the 1987 wrestling team. While the dates are concise and localized, the album lacks an index and identifications. (214 photos)

Volume 10

A large, but well organized collection of color photos from commencement 2001 with some random black and white photos of Jack Imholte and Rodney Briggs thrown in the front pages of the album. (384 photos)

Volume 11

A concise, but very neat collection of color photos from commencement 2001 and black and white photos from the groundbreaking for the RFC. Identification sheets and negatives are included. (150 photos)

Volume 12

Photos and negatives of basketball, baseball and tennis 1979 and 1980 school-years. The photos are not well identified but the negatives are. There is a crude index. (INDEX: basketball 1979, 1980, baseball 1979, 1980, tennis 1979, 1980) (64 photos)

Volume 13

A vast collection of 1998 events including commencement, football, the PE Annex time capsule and Chancellor David C. Johnson's retirement. Despite the high density of the album, it is easy to page. Most photos are lacking identification information, however, an index comprised of post-it notes can be found in the front cover of the album. (556 photos)

Volume 14

This volume exhibits photos from homecoming 2001, Staff Recognition Day 2001, The Undergraduate Research Symposium 2001, and the Capital Campaign Gala 1999. Many photos of Sam Schuman, Nancy Carpenter and Jim Gremmels among others can be found in the

collection. Overall, this collection is well organized with many identified photos and a brief range in years. (208 photos)

Volume 15

A collection of various UMM commencement ceremonies including the first in 1964 and when Paul Wellstone spoke in 2001, student and staff awards, choir concerts and various athletic coaches. This collection also features some rare photos of the Archives Office itself when Bert Ahern was head Archivist. The album contains no index, but is well organized with a hodgepodge of photo information. (71 photos)

Volume 16

This is the Campus Activities Council (CAC) photo album depicting color photos of CAC and other student events between 1987 and 1989. An index is included in the front of the album and names are on the backs of many of the photos. (50 photos)

Volume 17

Eclectic collection of athletic faculty and teams ranging from the 1960s to the 1990s. Included in the volume are the only photos in the UMM Archives of a UMM bowling team from the 1962-1963 school-year. Photos of the cheerleading squad, tennis team and football teams throughout the decades are also presented in the collection. Many unidentified photos, but good organization. (140 photos)

Volume 18

An excellent photographic account of Sam Schuman's inauguration as Chancellor of UMM and Jim Gremmels at the Prairie Gate Fest 2000. The album is in great shape and includes an index, photo identification forms and negatives unobtrusively placed in the back. (328 photos)

Volume 19

A well organized assortment of student awards from the late 1970s to early 1980s, UMM men's baseball 1965-1970 and faculty photos. (210 photos)

Volume 20

A collection of photos from 2001 of campus functions such as a visit from Mark Yudof, the ASA talent show, the tech fair, the placement and dedication of the science building rock bench and others. The album is well-organized and contains a list of contents at the beginning. (117 photos)

Volume 21

Montage photos of academic and residential buildings, inauguration of David C. Johnson, regent visits to UMM and artistic shots. A miscellaneous collection of photos from various places in time. The photos are well-organized and many have been identified. (110 photos)

Volume 22

An eclectic compilation of photos consisting of miscellaneous campus shots, buildings and aerial views and alumni events. There are a fair amount of color photos in the collection. The album has identification sheets plentiful with information and is in good shape. (57 photos)

Volume 23

Women's athletic portraits and staff (mainly athletic). Almost all photos have been identified. (47 photos)

Volume 24

Photos of the 1988-1989 football and volleyball teams, student life and faculty in the late 1960s. Also found in this album are some photos of Rodney Briggs, David C. Johnson and Jack Imholte. Photo identification sheets are missing, but many of the photos have their information written on the back. (45 photos)

Volume 25

A variety of campus events between 1998 and 2001 are included in this collection of negatives and contact sheets including various alumni affairs, Jazz performances and functions, other theatre productions, the new science building and homecoming 2000. Since the collection is exclusively negatives and contact sheets, it is disorganized and includes only low-quality, ineffectual snapshots. (112 photos)

Volume 26

A variety of campus events between 1995 and 1998 are included in this collection of negatives and contact sheets including various Jazz performances, homecoming 1996, various scholarship awards, Breckenridge Flood Relief and various UM presidential visits. The collection is in poor shape with old and decaying plastic sleeves which allow files to fall out. An index is included in the front, but the pages are in such poor order that it is not useful. (90 photos)

Volume 27

Volume 27 contains photos of the Inauguration of David C. Johnson, student groups and awards and some rare photos of men's basketball from pre-1964. Most of the photos are unlabeled and in relatively random order, making the album hard to navigate. Especially with the men's basketball photos; they are so voluminous and many are unlabeled, low quality or in poor shape. (147 photos)

Volume 28

This album showcases the UMM football team between 1985 and 1992 with a special focus on 1991. Some of the football photos include details as to which teams were playing and what might be happening in the photos i.e. a touchdown being scored. This album also contains student close-up and student research photos. In general, the photos in this album (especially those of sports) are fairly well identified and organized. (92 photos)

Volume 29

The primary focus of this collection is on UMM athletic teams including 1965, 1978 and 1980 men's baseball, and 1970 men's basketball. The All Sports Banquet of 1965 and 1967 are also contained in this album and include photos of Rodney Briggs and his wife Helen. This album is eclectic, as photos of homecoming 2004 can be found. Overall, however, the photos are well-organized and well-identified. (73 photos)

Volume 30

This volume contains a collection of students, faculty and various committees. A larger, more organized compilation of campus shots also lies within exhibiting photos of the historical Education Building, campus entrances and the student center. Also inside are some rare photos of the pre-university campus, the WCSA, Indian Boarding School and Sister Mary Joseph. Overall, the album gives a great perspective of the Morris area throughout the 20th century, with a special focus on the university years. (101 photos)

Volume 31

An excellent depiction of the daily life of the HFA and HFA students with shots ranging from high quality studio photos of performance groups to everyday photos inside the classroom, HFA theatre productions, the HFA art gallery and more. At the end of the album are some random photo groups of Cap and Gown Day in 1969 (Rodney Briggs' last year at UMM) and the 1990 UMM women's volleyball team. The album is in good shape and has photo identification sheets. However, it appears that some photos may have slipped out of the album. (163 photos)

Volume 32

Player portraits for the 1989 men's baseball team, 1989 men's football team and 1980, 1985 and 1986 men's basketball teams. The album is well organized, the photos are mostly identified and the dates are fairly localized. (95 photos)

Volume 33

This collection contains a batch of artistic photos taken around campus sometime in the 1960s. Some are abstract and some are recognizable. This album also includes photos from the 1967-1968 basketball teams and the UMM All Star player Wayne Brabender and of his visit to campus in 1974 with his son. (205 photos)

Volume 34

Along with a hodgepodge of newspaper clippings relevant to UMM sports, this album also holds photos of men and women's basketball between 1987 and 1990, men's 1977 and 1993 football, women's 1986 softball and a fall sports guide for the fall of 1991. One unique thing about this collection is the uncommon presence of football gameplay, which. The collection is well organized and contains an index in the front. (186 photos)

Volume 35

This collection contains a vast numbers of wrestling team photos including some low quality photos of the 1960 team and wrestler portraits for the 1986, 1987, 1988 and 1989 teams. At the back of the binder is some supplemental information giving wrestler names and dates of athleticism. Also found in this album are some basketball and football photos for the 1985, 1986 and 1988 teams and a plethora of newspaper clippings relevant to UMM sports. This album provides an interesting perspective on the publicity of UMM athletics during the 1980s. It is well organized and a majority of the photos are identified. Due to the way this collection was stored; some photos have slipped out and are missing. (145 photos)

Volume 36

A great perspective of the UMM homecoming tradition as it has evolved throughout the decades with shots from ranging from homecomings in the 1960s to the 21st century. The second half of the album is an unsystematic collection of photos of the geology department, Ice Cream and Lollipops, Juggling Club, KUMM Radio, various student awards and many other random university events from the 1980s and 1990s. Many of the photos are missing identification information, but the album is in good shape and physically easy to handle. (174 photos)

Volume 37

Color photos from various 21st century commencement ceremonies, homecoming 2004, the Cesar Chavez award, Pine Hall, Edson Hall and campus functions during the mid-to-late 1990s. Photo identification sheets are included. (114 photos)

Volume 38

An excellent depiction of the daily life of the Science Building and science and math students with shots ranging from the 1960s to present day of students, classrooms, faculty, scientific equipment and the building itself. Randomly thrown in at the end of the album are some photos from the 1990s of student scholarship awards, parent's day and the Bill Clinton hearings.

Overall, a well organized and identified collection. (109 photos)

Volume 39

Slides of spring 1999, summer session 1999, student life in the late 1990s and campus buildings. The album is falling apart and there is poor organization. (680 slides)

Volume 40

Slides of the greenhouse, student life, campus mall, faculty and the Morris Theatre. The dates for the slides are unknown and there is no apparent organization to the collection. (600 slides)

Volume 41

A huge quantity of negatives, transparencies and slides of the science department, students and the campus mall. The dates for the slides are unknown and there is no apparent organization to the collection. (820 slides)

Volume 42

A multitude of slides depicting the HFA, art, students making art and students presenting art, the symphonic band and the concert choir. The dates for the slides are unknown and there is no apparent organization to the collection. (720 slides)

Volume 43

A continuation of volume 42. The dates for the slides are unknown and there is no apparent organization to the collection. (760 slides)

Volume 44

A plethora of slides of UMM athletics (football, volleyball, track and wrestling), the construction of Gay Hall and commencement in the late 1970s. The dates for the slides are unknown and there is no apparent organization to the collection. (780 slides)

Volume 45

Slides of the first cap and gown day in 1964, aerial shots of campus, student research and the MEA exhibit. The dates for the slides are unknown and there is no apparent organization to the collection. (620 slides)

Volume 46

The dawn of UMM is shown in this slide collection of basketball in the early 1960s, the Rodney A. Briggs Library, and early campus and staff. The dates for the slides are unknown and there is no apparent organization to the collection. (620 slides)

Volume 47

Volume 47 is a smaller collection showcasing photos of the original (old) science building under construction in 1966(?) and some contact sheets of student and event photos from 2001. The album is in good shape, but is lacking an index and identifications. (105 photos)

Volume 48

This is a very brief collection with photos of Rock the Vote 2000 and some montage photos of UMM Social Sciences building and Edson Hall. Most of the photos have been identified and due to the size of the collection, an index would be extraneous. (18 photos)

Volume 49

This album offers an interesting perspective of student daily life on campus before the advent of personal computers and the internet. There are montage photos of Pine Hall, students in the residential halls, students attending on-campus events and the R.A.'s of each hall. Many of the photos appear to be from the mid 1980s to the mid 1990s. The residential halls names are identified, however, many student names are not. (64 photos)

Volume 50

Building maintenance in the early 1970s on the PE Annex, Social Science and Food Service Buildings. Faculty research in the mid 1980s. Photos of buildings are identified, but photos of people are not. There is no index for this volume. (56 photos)

Volume 51

Construction of the original science building (Phases I and II) and the early years of the math and science department at UMM. Photos of buildings are identified, but photos of people are not. There is no index for this volume. (17 photos)

Volume 52

Photos of various commencement ceremonies during the late 1980s and early 1990s (including Jack Imholte's last commencement as chancellor in 1990) and the UMM computer center during the mid 1980s to 1990s (including a single photo of the first computer UMM ever had in 1968). The album has identification sheets plentiful with information and is in good shape. (104 photos)

Volume 53

Rare photos of the UMM Archives and WCMHRC during Bert Ahern's managerial years, Founders Day 2000, UMM music department and residential life make up this collection. The residential life photos offer an account of everyday student life during the mid 1980s to 1990s. A well organized collection but identification sheets are missing. (70 photos)

Volume 54

Photos from 1995 and 1996 of the Alumni Career Fair, Jazz Fest and alumni. No index or photo identification sheets. (31 photos)

Volume 55

Twenty photos from summer fest 1997. (20 photos)

Volume 56

Eighty-eight photos from Outdoor Club's 1996 and 1997 trips. (88 photos)

Volume 57

Approximately thirty-nine photos from Outdoor Club's 1998 and 1999 trips. (39 photos)

Volume 58

Approximately seventy-two photos from Outdoor Club's 1996 and 1997 trips. (72 photos)

Volume 59

Lyle Ross's personal collection of color slides from the 1970s. Events are grouped together, however there is no further organization or identification. (380 slides)

Volume 60

Lyle Ross's personal collection of color slides from the 1970s. Events are grouped together, however there is no further organization or identification. (380 slides)

Volume 61

Lyle Ross's personal collection of color slides from the 1970s. Events are grouped together, however there is no further organization or identification. (380 slides)

Volume 62

Lyle Ross's personal collection of color slides from the 1970s. Events are grouped together, however there is no further organization or identification. (380 slides)

Volume 63

Lyle Ross's personal collection of color slides from the 1970s. Events are grouped together, however there is no further organization or identification. (380 slides)

Volume 64

Lyle Ross's personal collection of color slides from the 1970s. Events are grouped together, however there is no further organization or identification. (380 slides)

Volume 65

Football photographs spanning the period 1967-1970, homecoming 1969, and football 1970-71. Many are identified, but a significant number are not. (120 images)

Football players 1971:

1. Dave Saterback
2. Paul Miller
