Vice Chancellor for Student Affairs (A2)

The Office of the Vice-Chancellor for Student Affairs assumed its present form in 1987. In that year Gary McGrath was named Vice-Chancellor for Student Affairs, replacing Stephen Granger, who had served under the title of "Assistant Provost for Student Affairs." Granger had served UMM since 1960 and was originally listed as a counselor. But he had also in the early years served on the provost's "Administrative Committee." Herbert Croom, who had *worked as principal at the WCSA and then briefly as superintendent, was the original* "Director of Student Services" and seemed to have performed many of the functions later assigned to the Vice-Chancellor. Croom remained in that position until 1969. Granger assumed the title of Assistant Provost under Jack (John Q.) Imholte in 1969 and assumed many of the responsibilities previously exercised by Croom. McGrath, who--as noted above--replaced Granger, served until 2000 when he was replaced by Sandra K. Olson Loy.

General Files and Correspondence (A2-E)

Originally, all of the materials in this relatively large record series were arranged as "Miscellaneous and Correspondence" and lacked internal coherence. In 2010-2011, this record series was broken up into specific subseries.

Students (A2-E-g)

This subseries consists of primarily memos, meeting materials (agendas, minutes and notes), and reports from the office of the Vice Chancellor for Student Affairs. Many of the files document the close working relationship between the Vice-Chancellor and the Office of Student Activities. The materials cover a wide range of topics, from enrollment, official student statistics, hiring, and management of the Student Center and its upkeep.

Of special interest is a report conveying information and statistics on the 1960-1962 cohort of students. These include enrollment figures, the home towns of students and their high school rank. The Student 2000 Project Design Team Final Report presents a vision of the student experience in 2000 and imagines an expanded and technologically more sophisticated approach to planning and registration. In a very small file The Vice Chancellor expresses gratitude for the hard work of volunteers in running the Cougar Night Club in the late 1980s. The Student Activities file on MPIRG contains a significant number of MPIRG publications (brochures, etc.) from the late 1980s and early 1990s. Several of the files pertain to the proposal, lobbying, budgeting, planning efforts, and aftermath for the creation of the current Student Center, including letters, publications, meeting minutes, newspaper clippings, etc. The budgets for the student center also include an Agoraphobia Operation Proposal and contract correspondence. Two large folders contain a variety of Morris student life handbooks, as well as those from other campuses, from 70s-90s, for the purpose of developing a student handbook. This also includes the 1968 handbook with 1970's revisions. Lastly, there is a file of significant arbitration and planning for construction, renovation, and demolition of campus buildings and space from the 1980s.
