## **Vice Chancellor for Student Affairs (A2)**

The Office of the Vice-Chancellor for Student Affairs assumed its present form in 1987. In that year Gary McGrath was named Vice-Chancellor for Student Affairs, replacing Stephen Granger, who had served under the title of "Assistant Provost for Student Affairs." Granger had served UMM since 1960 and was originally listed as a counselor. But he had also in the early years served on the provost's "Administrative Committee." Herbert Croom, who had *worked as principal at the WCSA and then briefly as superintendent, was the original* "Director of Student Services" and seemed to have performed many of the functions later assigned to the Vice-Chancellor. Croom remained in that position until 1969. Granger assumed the title of Assistant Provost under Jack (John Q.) Imholte in 1969 and assumed many of the responsibilities previously exercised by Croom. McGrath, who--as noted above--replaced Granger, served until 2000 when he was replaced by Sandra K. Olson Loy.

## **General Files and Correspondence (A2-E)**

Originally, all of the materials in this relatively large record series were arranged as "Miscellaneous and Correspondence" and lacked internal coherence. In 2010-2011, this record series was broken up into specific subseries.

## **Grants (A2-E-e)**

This subseries contains a variety of items from the Vice-Chancellor of Student Affairs' office, including but not limited to applications for grants, memos and reports regarding building construction, costs, planning, and performance. The majority of materials involve Title III, IV, and VI planning, grant applications, reports, correspondence, and performance from the 1980s.

Of special interest are the diagrams and plans as well as the grant applications for the phases of construction of the library and the physical education building, starting in 1963. The report of a survey conducted in 1985 to ascertain the public's knowledge and perception of the University of Minnesota Morris is also interesting, as are the 1966 grant application for modernizing the machines in the language laboratory and the folder, "Title III Strengthening Program Grant," which was designed to encourage the use of micro-computers among faculty, to rework the fund-raising process and to help in the redesign the General Education curriculum.

Correspondents: John Imholte, Stephen Granger, Rodney Briggs, Bettina Blake, Andy Lopez
