Chancellor's Papers (A1)

The Chancellor's Papers comprise a large record group and cover much of the period through the administration of Samuel Schuman. The materials are further divided into a number of discreet record series: Regents Materials, Budget, Campus Buildings, University Committees, UMM Committees, Syllabi, Enrollment, Financial Aid, Legislative Relations, All-University Senate, Student Organizations, Legal and Artifacts, and Miscellaneous and Correspondence. The latter record series proved to be unwieldy and in 2010 was reorganized into 22 record sub-series. These materials provide much of the administrative history of the campus.

Upon the establishment of UMM in 1960, Rodney Briggs, who had been hired to serve as superintendent of the West Central School of Agriculture and oversee the transition to the college program, was named Dean. Briggs served in this position until 1969 at which time John Q. Imholte was named Provost. In 1985 the title of the office was changed to Chancellor, and Imholte continued in that role until his return to the classroom in 1990. David Johnson replaced Imholte, and he, in turn, was succeeded by Samuel Schuman, originally in an interim role, in 1998. Jacqueline Johnson followed Schuman in 2006.

UMM Miscellaneous and Correspondence (A1-K)

Materials in this series address a broad range of topics, including, advising, energy, alumni relations, administrative reorganization, annual reports, animal facilities, biographical sketches, community outreach, computer information, counseling and course offerings, disability services, institutional data, and safety and planning.

The record series which was originally haphazardly organized and unwieldy has been reorganized into twenty-two categories and assigned locator numbers: A1-K-a to A1-K-v.

Professional Organizations (A1-K-q)

These materials are broadly reflective the chancellor's participation in various associations and professional groups. Because some files were misfiled when the larger record series was reorganized in 2012, some records have to do with accreditation, with granting institutions and with other sorts of public organizations. Most of the records consist of brochures, newsletters, correspondence, memoranda, agendas, minutes and reports. Groups and organizations include: Association of American Colleges, American Association of Colleges for Teacher Education, American Council on Education, American Association of Colleges and Universities, American Civil Liberties Union, Agricultural Utilization Research Institute, Bryn Mawr Institute for Women in Higher Education Administration, College Connections, Ford Foundation and the Program for Inter-Institutional Collaboration in Area Studies (PICAS), the Otto Bremer Foundation (within the file is a letter requestion support to hire an American Indian counselor for the Minority Resource Center), and the Minnesota Higher Education Coordinating Committee. The sub-series contains a number of files pertaining to the Midwest Banking Institute, an annual summer event for the period from the 1970s to the 1990s. Other files include records from the Minnesota Academy of Science, the Minnesota Association of Colleges for Teacher Education, the Association of Minnesota Colleges, the Southwest and West Central Consortium (a group consisting of UMM, Southwest State and the Wilmar and Worthington Community Colleges). A large number of folders document issues having to do with athletic

conference membership and the need to align with schools sharing UMM's mission and philosophy. Finally, these records include materials having to do with accreditation and specifically with visits from the North Central Association of Colleges and Schools and the National Council for the Accreditation of Teacher Education.

Correspondents: John Q. Imholte, David Johnson, Edward LaFave
