Executive Summary for Liberal Arts for the Human Services B.A.

Proposed change: Delete Psy 1061 as an LAHS elective

Rationale for change: When Psy 2411 was created, it was the discipline intention that it would replace 1061 as an elective.

Effective term: Fall 2008

Today's date: March 5, 2008

Liberal Arts for the Human Services B.A.

Division of Social Sciences - Adm

Division of Social Sciences

- Requirements for this program are current for Spring 2008.
- Required credits to graduate with this degree: 120.
- Required credits within the major: 58.
- This program requires summer terms.
- Degree: Bachelor of Arts.

Objectives--This program's three main purposes are to provide a firm liberal arts basis for understanding individual human behavior in its social context; provide the liberal arts foundation for professional work in baccalaureate-level human services occupations such as counseling, casework, personnel work, criminal justice, and administration of human services in federal and state agencies, private businesses, or professional organizations; and prepare students for graduate work in the human services professions.

Program Requirements

Students are required to take 2 semester(s) of any second language.

Students develop a coherent program of study in consultation with their major advisers generally no later than the spring semester of their sophomore year. Advisers normally are faculty with a background or specialties related to the human services area.

Because LAHS students pursue varied careers, they are advised to include in their programs courses appropriate to their career plans. In all instances, students should consult with their advisers when designing their programs.

Students should discuss the arrangement of their field experience with their LAHS adviser no later than the fall semester of their junior year. Information concerning specific field placements can be obtained from the directory of the Career Center or an LAHS adviser.

No grades below C- are allowed.

A minimum GPA of 2.00 is required in the major to graduate. The GPA includes all, and only,

University of Minnesota coursework. Grades of "F" are included in GPA calculation until they are replaced.

Required Courses
