4) Retention was also mentioned. Members of the committee were interested in hearing about retention on this campus. Comments were made that retention has been worked on at Morris for several years and there seems to be no change. We have added success coaches, and the TRIO grant helps funding in this area. Is it helping retention rates? It was stated that there is a task force for retention, it would be helpful to have a report on this information at a later meeting.

5) Meeting was adjourned. Next meeting is November 30.
