Committee members discussed the Campus Assembly from 2/2/21 where the Draft Procedure and Policy on Distribution of Information was presented and additional comments were received. After discussion it was determined that more time is needed for feedback from individuals, departments, and offices before final approval is sought. The committee will draft a google form to send to campus for feedback as well as schedule additional meetings with groups who seek additional information. The Steering committee will be asked for more informational time at the next Campus Assembly to present a timeline of how this draft was created and which groups were consulted during the process.

The draft revision to the policy on Student Organization approval and classification is completed and the committee is ready to present this draft to Campus Assembly.

Dave Israels- Swenson presented the Student Center sub committee proposal which has a reconfigured number of members only. This subcommittee would still remain under SAC and submit reports to SAC as needed.
