Feedback on New Campus Student Learning Outcomes

- [Compiled Feedback on the Proposed CSLOs](#)
- Themes from the feedback
- Discussion: should we present multiple models to Curriculum Committee and let them decide? Present them again to the divisions and/or Campus Assembly ask for votes?
 - After we have feedback from the campus on the original models we will send out the modified models to a wide number of committees, offices, and constituencies for feedback specifically on how each model would affect their responsibilities and interests on campus
 - Try to get a vote in April 30 Campus Assembly
- Creating student learning outcomes for each of the categories could clarify their meaning without the debates getting focused on the details of the examples
 - We will continue to work on these models on a shared Google doc
- Can course outcomes be mapped to PSLOs and on to CSLOs?
 - As curriculum committee considers new models for GenEd, can we look at ways CSLOs at other universities are integrated into GenEd systems?
- Recommendations for visuals
 - See Images [folder for New CSLOs](#)
