VII. Dave Israels-Swenson visiting on behalf of the Activity Fee Review Committee

A. Dave Swenson: Came to speak about Policy Change and student feedback for changes for Funding for Parisian Student Groups that may be funded for non-partisan activities, these include
   1. Posters for meetings
   2. Speakers (not running for office)
   3. Snacks at Meetings
   4. Get out to vote/Voter Registration initiative

B. Dave presented the Twin Cities and Duluth policies surrounding Funding

C. Dave said AFRC would be in favor of Dave's changes

D. Dave's changes would not allow partisan groups to receive funding

E. This would make the UR not able to endorse political candidates

F. Mackenzie asked how would this be taken by the CR if they feel it is singling them out? Dave answered that 2 other system campuses have this policy

G. Liz asked when was this last reviewed? Dave answered that this was a system-wide policy that had not been updated in the system and look at a campus-specific policy

H. Liz asked about the time-line

I. Dave responded on how activities would take it to AFRC for approval, which then they could choose to adopt and would be into effect in the last meeting on November 21st. A group that is partisan could put in a request at that meeting, they would discuss, and make a change and make a request not heard, then hear, then change policy, and will have to be updated at the time of the meeting.

J. Syd: Dave we love your presence

VIII. President’s Remarks

Sam-

A. 1. The steering committee and it's an attempt to redistribute student power, I asked to meet with Ted, they will meet at the next steering committee. The meeting will be sometime next week. Membership is meeting and Zaske asked for representation from me or Josh, and at the next Steering meeting. Most positions are already filled and I will
report back. My solution is that MCSA would send out a call for nominations through UMMOFFICIAL and fill seats, MCSA would put forward a slate and it would be approved by membership, and then anyone that is approved for a committee then that student would get MCSA Representative then they are allowed MCSA voting power in Forum, they would still be required to still meet like a normal member for communication but this is up in the air until the steering meeting and slate is approved.

B. 2. Attendance, please go to your campus assembly committee, please email your chair or MCSA rep if you are unable to attend. Also, forum committees, they are intentionally easier and more flexible, so please engage in good faith and help MCSA and your forum committees, please also communicate with your chair, emails are the most helpful. Thank you for coming to the forum, and being strict on attendance policies.

C. 3. Camus inclusivity, I have had lots of meetings around this topic, I met with President Gable on the 22nd. I also met with CR Alum, the Moqsie exec, and Chancellor Behr on 14th and 24th. Also going to the Student Affairs committee to continue the conversation regarding posters. Meeting with Liz and others for programming and other things, Chancellor is meeting with Bias response team, and what a bias response team would look like on the Morris campus, addressing issues from disturbances to sexual assault and to centralizing the reporting system, instead of a call to Campus Police,

D. Goals:
E. 1. IC Courses focusing on community and respectful discourse and respecting identities
F. 2. Campus values statement, list of values or statements that we all abide by and our values so we can refer back to it in times of discourse
G. 3. Passing the Equity and Access Gender Identity/Gender expressions names and pronouns policy, it is in review right now, and everyone is encouraged to leave positive feedback, this makes it so there is more policy around pronouns usage.
H. 4. Poster reform, where, when, how many and what, reviewed by the student affairs committee
I. 5. Mural, Let's Thrive mural in the tunnel to try and reinvigorate the space
J. 6. Funding for Parts and Activities Reform, which was presented by Dave Israel-Swenson
K. 7. Looking at a Bias report system
L. 8. Policy Changes, Applying harassment and bullying policies around groups of people not just individuals
M. 9. Increased programming surrounding how to have proper discourses, pronoun uses, and sensitivity
N. Sam encourages bringing forward a resolution to the next forum.
