POLITICAL SCIENCE  
UPDATED PSLOs

1. Students will know and remember significant terms, processes, concepts, principles, and theories in political science research across the subfields.
2. Students will know and utilize multiple methods of analysis and synthesize their knowledge and skills to design, conduct, and present independent political research.
3. Students will understand and be able to compare, contrast, and explain perspectives on global and cross-cultural issues at the state, national, and international levels.
4. Students will demonstrate effective skills in oral and written analysis through identification and production of the parts, relationships, and organizing principles of political research communication.
