Prior to the forum there was a discussion on some General Education update potentials. Dean Janet Ericksen and Dave Swenson join forum members. The primary goal for this discussion is to gage feedback from MCSA members. The absolute soonest these changes could take place is the fall of 2023. The curriculum and student affairs committees have been the primary people looking over the details of how activities that strongly impact students in a positive way are implemented into general education requirements. We broke out into breakout rooms for the remainder of this discussion.
