II. President's Remarks

Working on transitioning forum. Current election is up and running. Very important referendum questions. Policy changed will not be made even if they pass. They serve as a tool for the advocacy work that embodies the whole school population. Shows what could be worked on in following semesters. Example of Academic affairs passing for more information on morris school history. Morris transit fee referendum and morris legal fee referendum. Cost less for everyone involved when everyone pays a small portion.

III. Diversity, Equity, Accessibility Audit ([link](#))

Finished the survey for the audit. The question are broad in nature, but overall lets a person talk about any conflicts and suggestions for campus and events within it.
