CHEM 3901 - Chemistry Seminar I (~~1-0~~ 0.5 cr; Prereq-2321; required of all chem majors; may not count toward chem minor; spring, every year)

Presentations by faculty, guest speakers, and students on topics of current research interest. Students are required to present one seminar for the Chem 3901-4901 sequence.

Rationale (see instructions):

The division chairs decided that zero credits were not a good idea. This course is changing from 1 to 0.5 to split the one credit required for the major between Chem 3901 and Chem 4901.

See rationale for Chem 3901 above.
