Trick-or-Can drive raises 2,000 pounds for local Food Shelf

Summary:

(November 2, 2004)-The annual Trick-or-Can food drive held October 27 on behalf of the Stevens County Food Shelf was a great success. Sponsored by Community Service and Volunteerism in Student Activities at the University of Minnesota, Morris, students collected over 2,000 pounds of food and other items. Students would like to thank all the generous community members who donated items.

Food shelf volunteer staff and UMM students worked side by side in a genuine example of university and community cooperation. "Any opportunity we have to get to know one another is worthwhile," said David Nelson, student coordinator, Community Service and Volunteerism. "Your kindness made all this possible."

Through personal and academic discovery, the University of Minnesota, Morris provides opportunities for students to grow intellectually, engage in community, experience environmental stewardship and celebrate diversity. A renewable and sustainable educational experience, Morris prepares graduates for careers, for advanced degrees, for lifelong learning, for work world flexibility in the future, and for global citizenship.
