**UMM at the Living Green Expo**

*Summary: UMM will be an exhibitor at the fifth annual Living Green Expo May 6 and 7 at the State Fairgrounds. The Expo is Minnesota's largest environmental event.*

(April 28, 2006)-Minnesotans of all shades of green can find ways to lead lives that are healthier and Mother Nature-approved at the fifth annual Living Green Expo.

The University of Minnesota, Morris will be an exhibitor at the Living Green Expo Saturday and Sunday, May 6-7, 10 a.m.- 5 p.m., at the State Fairgrounds. The Expo is Minnesota's largest environmental event.

UMM's exhibit will showcase its Green Campus initiatives such as: the wind turbine, the biomass project, service learning initiatives and the Pride of the Prairie Local Foods Initiative.

This two-day event will feature more than 230 exhibits from across the region, which will provide information, ideas, resources, products and motivation to live more sustainably. The Expo highlights nine areas for people to explore: transportation, energy, home building and remodeling, food, yard and garden, lifestyle and recreation, household products and practices, sustainability education and the arts and culture.

The Living Green Expo will also have 66 free [workshops](#) on a variety of sustainability and "living green" topics.

There's something for all ages and interests at this year's Living Green Expo. From taste-testing organic foods, to an "Eco-Fashion Show," to the expanded Children's Area and much, much more. There's sure to be something for everyone.

Admission and parking is free. The Expo runs from 10 a.m.-5 p.m. Saturday and Sunday, May 6-7 at the State Fairgrounds Grandstand.

To learn more about the expo, visit [Living Green Expo](#).

Through personal and academic discovery, the University of Minnesota, Morris provides opportunities for students to grow intellectually, engage in community, experience environmental stewardship and celebrate diversity. A renewable and sustainable educational experience, Morris prepares graduates for careers, for advanced degrees, for lifelong learning, for work world flexibility in the future, and for global citizenship.
