#### HOMEMAKERS' WORKSHOP JUNE 7 & 8

Homemakers, plan now to take part in the annual Homemakers' Workshop at the West Central School and Experiment Station at Morris on June 7 and 8. It is open to all women who wish to attend.

"This is an opportunity for you to explore 'New Frontiers' in the area of homemaking", says Rachel Munson, head of the Home Economics department at the school.

Among the featured speakers will be Marion Ryan and Delores Thrones, home economists for the American Sheep Producers Council. They will present programs on the purchasing and preparation of lamb and on the care and construction of wool garments.

The two-hour special interest sessions will be offered again this year, but with new variety. Instead of strictly crafts they will include such areas as: New Ideas for Cake Decorating and Exercises to Keep Fit.

Reservations for rooms should be mailed to Rachel Munson at the West Central School and Experiment Station at Morris. Advanced information concerning large groups that plan to attend will be appreciated.
