This Article is brought to you for free and open access by the UMM Archives at University of Minnesota Morris Digital Well. It has been accepted for inclusion in Vice Chancellor for Student Affairs by an authorized administrator of University of Minnesota Morris Digital Well. For more information, please contact skulann@morris.umn.edu.
Vice Chancellor for Student Affairs (A2)
The Office of the Vice-Chancellor for Student Affairs assumed its present form in 1987. In that year Gary McGrath was named Vice-Chancellor for Student Affairs, replacing Stephen Granger, who had served under the title of "Assistant Provost for Student Affairs." Granger had served UMM since 1960 and was originally listed as a counselor. But he had also in the early years served on the provost's "Administrative Committee." Herbert Croom, who had worked as principal at the WCSA and then briefly as superintendent, was the original "Director of Student Services" and seemed to have performed many of the functions later assigned to the Vice-Chancellor Croom remained in that position until 1969. Granger assumed the title of Assistant Provost under Jack (John Q.) Imholte in 1969 and assumed many of the responsibilities previously exercised by Croom. McGrath, who--as noted above--replaced Granger, served until 2000 when he was replaced by Sandra K. Olson Loy.

General Files and Correspondence (A2-E)
Originally, all of the materials in this relatively large record series were arranged as "Miscellaneous and Correspondence" and lacked internal coherence. In 2010-2011, this record series was broken up into specific subseries.

Administrative (A2-E-b)
These records address a wide area of the Vice-Chancellor's administrative responsibilities and thus touch upon important issues in regards student life. Some materials document conversations about Activities Fees, and other files reflect campus-wide discussions of more controversial issues. Mark Shelstand's research paper on the history of "Agoraphobia," a student-run store, is an one example, as is the materials on "Flatlands." Some early records speak to issues involving the residence halls and the policy of "campusing" for disciplining infractions. Other files contain plans for new buildings, including the Food Service Building, Briggs Library and the Student Center. Related materials involve plans to demolish Camden Hall and Community Services Building (the Welcome Center) and to erect a large classroom and office building in their place. Other records speak to persistent problems with the Social Science Building. Also of interest are the folders documenting Executive Group meetings and activities, and some of these materials have to do with retrenchment and reallocation. Other matters discussed include Health Service facilities and personnel, military recruitment on campus and the possible conflict with provisions of Title IX, the crafting of a mission statement ("UMM Mission Statement, Planning Goals and Objectives"), and televised classes.
