This Article is brought to you for free and open access by the UMM Archives at University of Minnesota Morris Digital Well. It has been accepted for inclusion in Chancellor's Papers by an authorized administrator of University of Minnesota Morris Digital Well. For more information, please contact skulann@morris.umn.edu.

Chancellor's Papers (A1)

The Chancellor's Papers comprise a large record group and cover much of the period through the administration of Samuel Schuman. The materials are further divided into a number of discreet record series: Regents Materials, Budget, Campus Buildings, University Committees, UMM Committees, Syllabi, Enrollment, Financial Aid, Legislative Relations, All-University Senate, Student Organizations, Legal and Artifacts, and Miscellaneous and Correspondence. The latter record series proved to be unwieldy and in 2010 was reorganized into 22 record sub-series. These materials provide much of the administrative history of the campus.

Upon the establishment of UMM in 1960, Rodney Briggs, who had been hired to serve as superintendent of the West Central School of Agriculture and oversee the transition to the college program, was named Dean. Briggs served in this position until 1969 at which time John Q. Imholte was named Provost. In 1985 the title of the office was changed to Chancellor, and Imholte continued in that role until his return to the classroom in 1990. David Johnson replaced Imholte, and he, in turn, was succeeded by Samuel Schuman, originally in an interim role, in 1998. Jacqueline Johnson followed Schuman in 2006.

Campus Buildings and Environment (A1-C)

The Chancellor's Papers on Campus Buildings and Environment include materials on diverse matters involving the campus buildings and environment. These include but are not limited to memoranda, correspondence, maintenance program/plans/reports/receipts/costs, minutes, hand-written notes, agreements/contracts, annual reports (dining services), legislative requests, inventory reports, project proposals, and University land holdings. Some materials have to do with the construction of HFA, Phases One and Two (Humanities and Fine Arts Building, at times labeled in the files as the "Arts Building"), and others refer to discussions over the naming of campus buildings, including the Community Services Building and the Multi-Ethnic Resource Center (Minority Resource Center). Also included are building requests for various years. A number of files contain information, dating to 1965, about plans for a new library. Interspersed are papers about gifts to the library and book and journal acquisitions. Of special interest is the early campus plan from 1966, the university-wide classroom study from 1996, and an early proposal to construct a Religious Foundation Center on campus. Most of the material is from the 1960s through the early 1990s.

Principal correspondents include: John Q. Imholte, Harold Fahl, William D. Spring, Peter Goelzer, Fred W. Peterson, Clinton N. Hewitt, Nina M. Archabal, and Steven E. Sherstad.
