During the 2013-2014 academic year the FDC considered a number of issues and policies as reported below. The minutes presenting the details of the FDC discussions are available at UMM's digital well.

- 1. Faculty Enrichment Program.** This fall our group worked with the Deans office to update the material, guidelines and application process for the Faculty Enrichment Program. We awarded three grants.

Rachel Gibbons, Biology paired with Nancy Carpenter, Chemistry

Ann DuHammel, Music paired with Jessica Larson, Studio Art

Bidhudutta Panda, Economics with Roger Rose, Political Science

- 2. Release time/summer support.** The FDC worked with the Grants Office to update guidelines, and the list of frequently asked questions as well as the application material for the "time release" grants. We created a subcommittee to review the applications and awarded four time release grants.

Kenneth Emo, Spring 2015

Bradley Dean, Fall 2014

Brook Miller Fall 2014

Bidhudutta Panda Fall 2014

- 3. Update web site**

- 4. Fall Professional Development Day.** The planning for the 2014 Fall Professional Development Day was carried out. The day has been set for August 19, 2014 on the UMM campus. A schedule for the day

has been approved. Session presenters and conveners have been contacted.

We took the recommendations given on the evaluation sheets from last years Fall Dev Day that told us the attendees wanted more time to talk amongst themselves. The program will begin at 9am with a Welcome and end at 3:30 with the closing.

I created a list of summer duties that need to be carried out by the incoming Chair to assist in leadership transition. I passed on the To Do list for over the summer to the next Chair of the Committee.
