Housing & School Enrollment

The data presented below includes statistics related to school enrollment and housing in the Region, including median home values, median rent, median monthly housing costs and vacancy rates for communities in the UMRVDC Region as well as the state of Minnesota.

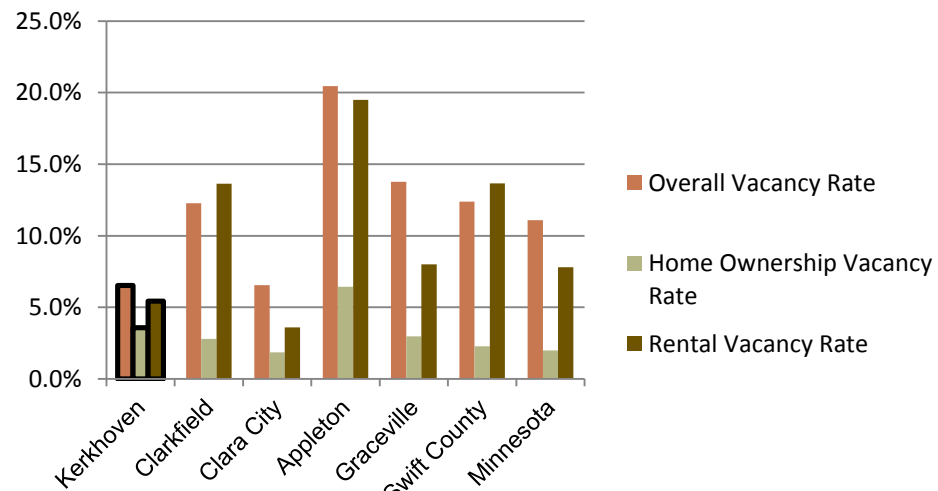

2010 Housing Statistics

City	Median Home Value	Median Rent	Median Monthly Housing Costs
Kerkhoven	\$86,900	\$325	\$850
Appleton	\$58,300	\$541	\$903
Clara City	\$81,800	\$682	\$985
Clarkfield	\$50,400	\$469	\$828
Graceville	\$62,400	\$534	\$993
Swift County	\$97,600	\$453	\$1,024
Minnesota	\$206,200	\$759	\$1,549

Source: US Census Bureau, ACS (2006-2010)

At \$86,900, the median home value in Kerkhoven is below that of both Swift County and the state of Minnesota, however it is the highest compared to similar sized communities in the Region. Median monthly housing costs for homeowners, however falls in the middle when compared to other similar sized communities, but remains lower than both the county and the state. The median rent in Kerkhoven, on the other hand, is the lowest compared to similar sized communities.

2010 Vacancy Rates

Source: US Census Bureau, Decennial

Home ownership vacancy rate and rental vacancy rate are the proportion of the homeowner or rental inventory that is vacant "for sale" or vacant "for rent." The overall vacancy rate includes other vacancies such as vacant "sold - not occupied," seasonal housing and vacant "rented - not occupied." In 2010, the city of Kerkhoven had a lower overall and rental vacancy rate compared to similar sized communities but a slightly higher home ownership vacancy rate than most.

School Enrollment Since 1999

School District	1999-2000	2005-2006	2010-2011	% Change
Benson School District	1,216	1,050	970	-20.23%

Montevideo School District	1,599	1,459	1,342	-16.07%
Ortonville School District	717	530	527	-26.50%
Yellow Medicine East School District	1,299	1,081	862	-33.64%

Source: Minnesota Department of Education

Kerkhoven is part of the KMS School District, which has seen a decrease in enrollment over the past decade, however it has had the second slowest rate of decline of all school districts in the Region. Note that data was only available for public school districts.

UMVRDC staff developed the concept and design for the Community Profile Brochures and data was collected by students and staff from the Center for Small Towns at the University of Minnesota, Morris. All information was collected from trusted sources such as the U.S. Census Bureau, the American Community Survey, Minnesota Department of Employment & Economic Development (DEED), and the Minnesota Department of Education and is presumed to be accurate.

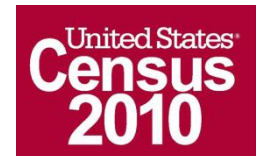

Helping Communities Prosper

2010 Census Data for Kerkhoven, Minnesota

This Community Profile Brochure is comprised of statistical information from a variety of sources and will provide a snapshot of historical and current demographic, economic and social trends in the Upper Minnesota Valley Region. Having clear and concise community statistics will provide for more informed decision making about community development and business expansion, relocation and future investments.

This statistical and informational profile was compiled by the UMRVDC in collaboration with The Center for Small Towns at the University of Minnesota, Morris for all five counties (Big Stone, Chippewa, Lac qui Parle, Swift and Yellow Medicine) and 37 cities in our Upper Minnesota Valley region.

Demographics

The demographic profile below provides a snapshot of Kerkhoven and surrounding communities' historical, current and future population trends including population distribution and make up.

Comparison Historical Population from 1960 to 2010

City	1960	1970	1980	1990	2000	2010	% Change
Kerkhoven	645	641	761	732	759	759	17.67%
Households	214	206	NA	299	313	329	53.74%
Average Household Size	3.01	3.11	NA	2.45	2.42	2.31	-23.46%
Appleton	2,122	1,789	1,842	1,552	2,871	1,412	-33.46%
Clara City	1,358	1,491	1,574	1,307	1,393	1,360	0.15%
Clarkfield	1,100	1,084	1,171	924	944	863	-21.55%

Kerkhoven Population Distribution, 2010

Source: U.S. Census Bureau, 2010

The above population distribution above shows that there is a large percentage of the population in the middle aged and 10 and under age cohorts, which is uncommon for communities in the Region as many have aging populations. Kerkhoven is more diverse than other communities in the region with over 12% of the population being non-white. This diversity may explain the higher percentages of youth in the population.

Race, 2010

Unemployment Rates, 2000-2011

Source: Minnesota Department of Employment and Economic Development, LAUS

The employment categories shown in the table above and chart below show the 11 Super Sectors of Industry, which is the federal standard in data pertaining to business and industry. Much of the employment and economic activity in Kerkhoven is in the Trade, Transportation, and Utilities, and the Education and Health Services sectors. The pie chart below details that in Swift County, about half of all employment comes from Education and Health Services, and Trade, Transportation, and Utilities. Swift County had a slight increase in unemployment during the Recession of 2007-2009, but in 2011 had an unemployment rate under 7.5%.
