Symphonic Winds perform in Nassau, Bahamas

Summary: The UMM Symphonic Winds traveled to the Caribbean as their 2007 winter tour destination, performing both on land and sea.

(January 30, 2007)-The University of Minnesota, Morris Symphonic Winds, consisting of wind and percussion instruments, traveled to the Caribbean as this year’s annual tour destination. The group boarded a bus bound for Florida at 2 a.m. on January 5, 2007. They arrived in Port Canaveral, Florida, and boarded the MS Elation the next day for a six-day Caribbean cruise.

While on tour, the UMM Symphonic Winds performed in the ship’s Mikado Lounge and in Hairbraiders Square in Nassau, Bahamas, playing sea-themed pieces such as Of Sailors and Whales by William Francis McBeth. The ship also visited ports in Grand Turk and Half Moon Cay.

Giving the students opportunities to play both on land and on sea was a treasured experience. Martin Seggelke, assistant professor of music, states: “Exposing students to different cultures and locations as well as playing in different environments was wonderful.”

“It was a great opportunity to bond with fellow band members, create long-lasting friendships, and make UMM known to the global community,” says Kate Raymond ’08, Mankato, clarinetist and music education and Spanish education major.

Dan Connolly ’09, St. Paul, percussionist, adds: “As a music education major, it gave me other ways to play in different places, in another part of the world.” He adds, laughing: “The food on the ship was amazing, things I’ve never had before. It was the best food in the world!”
